

Association of Maine Cancer Support Centers

About Us

The **Association of Maine Cancer Support Centers (AMCSC)** is a collaborative network of organizations across the state that offer cancer-related support services, resources, and complementary therapies to patients, survivors, caregivers, and families. AMCSC was established through the efforts of **Maine's Impact Cancer Network (MICN)** and is proudly supported by the Maine Cancer Foundation (MCF), which continues to provide essential backbone support for the Association.

If you, a loved one, or someone in your community has been diagnosed with cancer, we encourage you to reach out to any of the member organizations listed below from the Association of Maine Cancer Support Centers.
